

2021 Padua Days on Muscle & Mobility Medicine, May 19-22, Euganean Hills, Padova, Italy

TRANSLATIONAL RESEARCH ON MYOLOGY & MOBILITY MEDICINE

Call for Oral and Poster Presentations

Deadline: January, 31, 2021

Euganean Hills, Padova (Italy), May 19 - 22, 2021

Hotel Petrarca, Montegrotto, Piazza Roma 23, Montegrotto Terme, Euganean Hills, (Padova), 35122 Italy

Phone +39 049 891 1744 - Email: petrarca@hotelpetrarca.it - <https://www.hotelpetrarca.it/>

Organizers: Ugo Carraro, Raffaele De Caro, Helmut Kern, Christiaan Leeuwenburgh, Marco Narici, Marco Sandri, Zipora Yablonka-Reuveni

Dear Colleagues,

Although the COVID epidemic is still spreading everywhere, we hope to implement the 2021 Padua Days on Muscle & Mobility Medicine (PDM₃) at least as a semi-virtual conference from May 19th to 22nd, 2021. Many organizers of the 2020 Virtual PMDs have agreed to continue their collaboration and two new ones (Zipora Yablonka-Reuveni and Raffaele De Caro) have joined. The suggestions for topics and speakers are so numerous that the 2021 (S-V) PDM₃ will likely need to be extended by one day to provide time slots for more attendees, in particular for young researchers that will submit tentative TITLES and ABSTRACTS for Oral Presentations and Posters. In the following Program you will find the Core-Sessions of "Aging: Sarcopenia, Cachexia", "Therapy of Genetic Muscle Dystrophies", "Muscle Imaging", "CAA Research activities", "Muscle FES Rehabilitation". New two half-day Sessions will be devoted to "Myology and Satellite Cells: Biology & Pathology", others to "Extra-Cellular Tissue, Fasciae & Tendons", "Muscle and Sarcomeres in vivo", "High density EMG applied to motor control in health and disease" and "Balneology and Balneotherapy".

By next January 31, 2021 we expect to receive YOUR TITLE with a 200-Word unstructured abstract for either an ORAL PRESENTATION or a POSTER. We will be very grateful, if you will send sooner a Tentative TITLE and the Registration Form for your participation.

In any case, we hope you would submit by March 31, 2021 an Eur. J. Transl. Myol. COMMUNICATION (2500 words, 150-word unstructured Abstract, 5 key words, 2 Figures+2Tables, 30 Refs) to the Journal Website: <https://pagepressjournals.org/index.php/bam/guide>

Looking forward to your positive replies, in name of all Organizers, I send best regards.

Ugo Carraro, Local Organizer

**All Times are Italy-Time****WEDNESDAY May 19, 2021**

- 9:30 AM Openings
- 10:00 AM Session I: Extracellular Matrix, Fasciae & Tendons
- 3:00 PM Session II: Muscle and Sarcomeres in vivo
- 5:20 PM Session III: High density EMG applied to motor control in health and disease

THURSDAY May 20, 2021

- 9:00 AM Session IV: Poster Presentations
- 11:00 AM Session V: Muscle Atrophy, Sarcopenia, Cachexia: Physical, Nutritional, and Pharmacological Interventions
- 3:00 PM Session VI: Role of Neuromuscular Disorders in Sarcopenia & Cachexia
- 5:20 PM Session VII: Ultrastructural Muscle Imaging

FRIDAY May 21, 2021

- 9:00 AM Session VIII: Poster Presentations
- 10:30 AM Session IX: Muscle Regeneration and Satellite Cells: Biology
- 3:00 PM Session X: Satellite Cells and Muscle Regeneration: Pathology
- 5:20 PM Session XI: Therapy of Genetic Muscle Dystrophies

SATURDAY May 22, 2021

- 0:90 AM Session XII: Center for Active Aging: Early-Rehab in post-surgery
- 3:00 PM Session XIII: Center for Active Aging: Home-based FES
- 5:00 PM Session XIV: Center for Active Aging: Balneology & Balneotherapy
- 7:20 PM Ugo Carraro: See you to the 2022 PDM₃, March, 2022 - Euganean Hills (Padova), Italy

Translational Research on Myology & Mobility MedicineCall for EJTM COMMUNICATIONS - EJTM 31 (2), 2021 – **Deadline March 31, 2021**

(2500 words, 150-word Abstract, 5 key words, 4 Figures/Tables, 30 Refs).
